

## Unit 5

### London NW1 8LH

The office is only a short walk from Camden Town tube station with access to the Northern Line (both branches). Camden Road station and Chalk Farm tube station are accessible on foot and provide further access to the London Over-ground network. Alternatively, the site is serviced by a number of bus, road and cycle routes. A short walk will take you to a number of small cafes and pubs or slightly further on is Camden high street with numerous eateries and the famous Camden Market. Around the corner from the office you will find Primrose Hill, perfect for a lunchtime break in the summer months.

Based in the heart of Primrose Hill, this centre offers a stylish and unique office environment that provides a Creative Campus for young and exciting tech companies of all sizes who are looking for a shared, flexible and low-cost working environment. It provides an all inclusive package offering access to a board room, meeting room and break out room and facilities to include ergonomic furnishings, high speed internet, high speed wifi, stocked kitchen, stocked fridge, air conditioning, recycling facilities, rates, utilities, cleaning and maintenance. The staff finds that all this produces the perfect environment to collaborate, plus the incubators are guaranteed mentorship by those already established in this fast paced industry. The environment is conducive to both existing technology companies as well as technology startups. The management staff are able to nurture a network of like-minded and focused tech entrepreneurs, providing places where they can work, meet, collaborate, network and learn.
