

Serviced Office Space UK

119-121 Cannon Street

London EC4N 5AT

Nestled in the heart of the City of London is a premium office space with an unparalleled blend of the old and the new. Once the capital of Roman Britain, the City now offers a striking contrast between underground temples and cutting-edge high-rises. At the heart of it, all sits Cannon Street, the former domain of drapers and candle makers, and the site of the ancient London Stone. Cannon Street is home to some of the world's most innovative developments and companies today. The city is no longer the exclusive enclave of finance, as tech giants, insurance brokers, and shared workspace SMEs all find a place to call home. In addition to the bustling business scene, the City offers close proximity to transport links, restaurants, shopping centres, and easy accessibility for all visiting.

The second floor of this building offers a prime example of modern office design and technology. Light-filled rooms feature open-plan workspaces and collaborative areas, with various amenities to suit everyone's needs. The facility includes fully-fitted kitchens and tea points, phone booths for privacy, and meeting rooms complete with AV equipment and screens. With secure network access and professional IT support, members can hit the ground running and get straight to work. Modern technology empowers the workspace, while the hospitality-style team provides a concierge service for convenience. This is included in an all-inclusive price package, with flexible lease plans to suit every need. And don't forget that complimentary tea and coffee are always available to keep members caffeinated and productive.
