

Serviced Office Space UK

Coventry CV1 5RJ

Located in the heart of Coventry with easy access to the A4114 and a number of shops, restaurants and other local amenities in the city centre. The Coventry retail market and West orchard are within a short distance from the centre. This historic building is designed to give a loft-style feel, full of natural light, and offers members access to local craft coffee, pastries, and treats to keep the team going and an abundance of on-site parking. The regional transport links are also excellent and provide all prospective tenants with a range of frequent and convenient services throughout the area.

The building is the only remaining timber-framed property of many that once lined Bayley Lane and dates back to the sixteenth century. This restored period building provides 5,000 sq ft of serviced offices. The refurbishment and integrated technology create a stunning image for their company in the most historical part of the city centre. If one is looking for a full-service solution rather than a traditional let, this centre is the perfect base for their company with a city centre location and parking nearby but not on-site. Virtual offices are also available. The stunning centre itself offers members access to conferencing rooms, beautiful common spaces, private phone rooms for confidential calls, and a mother's room.
