

Serviced Office Space UK

Chepstow NP16 5UH

Located at Junction 2 of the M48, overlooking the Severn Bridge and surrounding countryside, this centre offers excellent road networks to London, South Wales, the Midlands, and the Southwest. Chepstow train station is located approximately 1 mile from the business centre, and offers direct services to Cardiff and Nottingham, amongst other destinations. Bristol City Centre is ten minutes away by car, and is packed with a range of attractions, including fantastic shopping facilities, a variety of eateries, and music and sporting venues.

This is a purpose built serviced office centre, which provides a wide range of high quality, fully equipped workplace solutions to suit any budget. With minimum start up costs and no long term commitment necessary, we provide a flexible and cost effective alternative to the traditional office lease. The agreements can last from as little as 1 month and occupancy is instant so you take an office on terms to suit your needs and only pay for the space and services you use. You also have the flexibility to modify your office size and layout when your business needs change. All of the offices benefit from individually controlled central heating, tinted double-glazing, carpeting and floor boxes pre installed with power and CAT 5e voice and data points. As well as your office, your monthly fee will include all business rates, heat, light, power, and office furniture for you and your staff. In addition to this, clients will receive full use of the reception services where professionally trained staff will greet your visitors before announcing their arrival. If you are not looking for a fixed office location just at the moment why not look at the Virtual facilities. This can offer companies the perfect opportunity to advertise their business using a combination of business address, telephone answering and fax services at the fraction of the cost of a conventional office within the Centre. A virtual office can be provided to you instantly and will suit those businesses looking for a presence in the Chepstow area without wishing to rent office space at the present time. If you're looking for a professional environment to hold a meeting, interview or training session then why not consider this centre. The meeting rooms can accommodate from 2 to 20 people using a variety of room configurations to suit individual client requirements.
