

Serviced Office Space UK

Ingate Place

London SW8 3NS

The space is located in the centre of Battersea. The area has been undergoing a surge in popularity in recent years, having once been seen as a cheaper alternative to neighbouring Fulham and Chelsea, and now has lots of green space and amenities. The centre is located just five-minutes from Battersea Park train station and just three-minutes from Queenstown Road station. Tenants can also make use of London Overground services. Furthermore, the future looks bright for the area's transport links, with forthcoming investment in the Northern Line meaning the area will have underground services in the next few years.

Based in Battersea, this professional business centre is based on a large, unique, and secure site. The centre is able to accommodate both furnished and unfurnished spaces, as well as workshops, studios and warehousing. The unit available at the moment consists of 300sqft and is square in shape. Tenants will benefit from swathes of natural light and lovely views of the Power Station. There is also air conditioning and central heating. The centre also boasts communal kitchen facilities, 24 hour access, fob access and a gated car park. Tenants can also take advantage of useful services such as mail handling and a DHL service in main reception.
