

Serviced Office Space UK

VIRTUAL OFFICES ONLY

London W1H 1DP

York Street is very easily accessible from Marylebone, Baker Street and Edgware Road Stations, and runs adjacent to Marylebone Road. It is a 5-minute walk from the famous Landmark Hotel.

This virtual office service is designed for companies wishing to establish a professional London presence. You will benefit from the experience staff and the services provided in-house. Using this service you get a dedicated 020 7 telephone and fax numbers and an established London address. This is an economical way to enhance the image of your company. Your allocated numbers and address can be added to company documents and media advertisements. You can hire the meeting room which is situated below ground, inside an unbranded and stylish Grade II Listed building. Recently refurbished, the equipment and furnishings are modern and up to date, with direct access to kitchen facilities. The meeting room has a boardroom table for eight people, a directors' desk and a lounge area. You will have access to our lovely town garden as a 'break out' area, or to hold meetings in the summer.
