

Serviced Office Space UK

Peterscourt

Peterborough PE1 1SA

This centre is in an excellent location, with Peterborough's attractions and amenities on hand. Westgate Arcade provides excellent shopping facilities, and there are various coffee shops and places to eat around the town centre. The hugely impressive Peterborough Cathedral is only a one minute walk away, and Peterborough Market is also very close. The town's Railway Station provides frequent services to London King's Cross, and north to York, Newcastle and Edinburgh. The easy access to London means that meetings in the City are no issue at all.

These offices are an instant, flexible and easy to utilise office space solution. They offer ready-made offices, fully equipped with furniture, telephone lines, Internet access, reception and kitchen facilities. The trained team are on hand to provide reception services, building, IT and infrastructure support. Business start-ups and companies with limited trading histories will benefit from these serviced offices over a conventional lease due to the flexibility of tenure, ease of move, minimal capital outlay, minimal rental deposits and limited need for directors/bank guarantees. Corporate and larger companies will benefit from a serviced office solution when the need for project, overflow and swing space is needed.
