

Serviced Office Space UK

53 King Street

Manchester M2 4LQ

Once the heart of the northwest financial industry and home to the Bank of England, the banks and businesses of King Street have had high-end shops and restaurants over the years. The sloped street is a conservation area due to the architectural merit of many of its grand buildings.

Manchester has excellent transport links, with the Piccadilly railway station providing connections to the country. The surrounding area offers a wide range of restaurants and amenities like banks and retail shops, providing tenants with everything at their doorstep.

This centre provides exclusive office space and excellent customer service. From start-ups and micro-businesses to large organisations, the centre accommodates requirements and integrates effortlessly into a friendly, professional community. There are frequent catered networking and social events for tenants to come along to and mingle with each other. With a dedicated 1-gig line, the space can offer tenants reliable, high-speed internet packages and free WiFi throughout the building. The boutique Business Lounge is ideal for informal meetings with teams or visitors and features a coffee and refreshments station, private booths and meeting rooms.
