

Serviced Office Space UK

Devonshire House

London W1J 8AJ

The area brims with luxury boutiques, art galleries, iconic attractions and the picturesque Green Park. This elegant landmark boasts a charming treetop view of one of London's most beautiful parks. It is surrounded by West End's most prestigious streets, including Piccadilly, Stratton Street and Berkeley Street. Located between the lively metropolitan areas of Mayfair and St. James and directly above Green Park tube station, this centre provides the ultimate location for companies looking for affordable luxury offices. Transport links are provided by Green Park and Piccadilly Underground stations.

We provide our clients with a first-class, exclusive atmosphere coupled with a multi-million-pound five-star fit-out inside the beautifully restored building. As you step out of the elevator, the large granite reception area, original commissioned artwork, non-branded space and fully trained corporate reception team create an unforgettable experience. Anyone can put a desk and a phone into a room and call themselves a serviced office; however, we invest in developing and enhancing proprietary software that will drive your business. The high-speed internet service is designed in house for the multi-tenant environment built for business and is unique to the industry. A highly qualified team is on hand to ensure you have everything you need to keep your business running smoothly. Your personal assistant becomes your one point of contact for all administrative needs. By being a client of ours, you will have the power of a multinational corporation, and it's complimentary to travel and work from any other location of ours. The office space is flexible; you could grow into the office next door. Renovate it if you wish, or expand into offices around the world. Take office for just one month – or stay forever! The world's first 5-star co-working space in Mayfair.
