

Serviced Office Space UK

Brighton BN1 8AF

Located just off the A27 bypass at Hollingbury (just one junction from the A23/M23) these offices boast incredible ease of access for both cars and public transport alike, with regular bus links to and from Brighton City centre and the Train station. As a vibrant, multicultural city, Brighton offers a great mix of Country and Sea. Boasting excellent Transport links to Gatwick Airport, London and all cities thereafter and with an extensive local public transport network Brighton is a place where its easy to achieve a healthy work/life balance.

Offices are double height spaces with mezzanine balcony areas creating a light and airy place to work with the added convenience of on-site parking. With offices located within a secure, modern and spacious self storage centre, the benefit of having additional space options close to hand for any merchandising, sales, dispatch or retail administration clients ensures that as your companies needs grow, so can this property. The professional on-site management team are available to help answer any queries you may have, and also offer postal facilities and mail handling. There is IT support available.
