

# Serviced Office Space UK

---

## London N11 1NP

The building is based within 16 hectares of beautiful landscaped grounds. The building has a very modern feel and a great working environment. It is located in the heart of North London.

This centre is an ultra modern glass building, with plenty of facilities on site, including hairdressers, barbers, personal trainer and fitness classes. It has three cafes at the entrance of every building. It offers bespoke units where the centre can work with clients to build the office to the spec they are looking for.
