

# Serviced Office Space UK

## Innovation Way

Barnsley S75 1JL

This centre is strategically located just off the M1 motorway with Barnsley town centre and the modern transport interchange just a five-minute drive away. The Rail Station at the Interchange offers regular services to both Leeds and Sheffield. Situated in attractive landscaped environments with ample free parking, the modern, flexible units can be adapted to suit individual requirements. The buildings present an impressive image for client companies and their customers, and the accommodation allows for expansion without the need to relocate during the early stages of growth.

This centre is a shared, fully managed facility providing an extensive range of business support services to innovative, knowledge-based or technology-based businesses. Tenant companies enjoy the freedom to carry out their day-to-day business activities without the added burden of having to source a wide range of business support services. All support services are provided on-site, together with free car parking for your employees and visitors. Situated in attractive landscaped environments with ample free parking, these modern, flexible units can be adapted to suit individual requirements. The buildings present an impressive image for client companies and their customers, and the accommodation allows for expansion without the need to relocate during the early stages of growth. The centre offers a complete range of tenancy options to suit every business - Virtual Office accommodation for those businesses requiring a business address only; For those businesses who wish for an official business address but do not require regular office space, we offer many benefits including Professional business address, Postal service including parcel receipt, Telephone answering service, Discount on meeting room hire, fax facilities, event invitations, Winning Together - tenant newsletter, Access to the closed Facebook Group; Hot Desking for those businesses who require only occasional desk space; For small businesses that require all of the services of a virtual tenancy, but also wish to use the co-working space on an occasional basis, then we offer a hot desk tenancy. This provides you with the use of a workstation for up to four days per month, with the opportunity to rent extra days at a very cost-effective rate; Shared Office accommodation for those businesses requiring a permanent desk in our co-working space; and, On offer is 'easy-in, easy-out' shared office space for clients wishing to take the first step into an affordable office-based environment.
