

Serviced Office Space UK

Portsmouth PO1 4BL

This centre based in the centre of Portsmouth has a fantastic location, as it is surrounded by a multitude of different businesses, giving the area an entrepreneurial vibe. The space is just across the road from a supermarket and there are a few other retailers in the area as well as a few lovely eateries. The centre has great access via road and the local bus stop is just a short walk along from the building, so commuting is easy and simple. Portsmouth has great shopping options as well as a number of hotels.

The centre is a flexible co-working space for tech entrepreneurs who are looking to take their concept to the next stage. There is a free creative lounge with awesome Internet and awesome coffee, with a flexible breakfast bar desks for the ones hot desking, through to dedicated offices for the ones looking to take over the world. This centre's unique twist is that it is looking to share the Journey with you. This centre also offers back end support; Payroll, Accounts, Invoicing, credit control, Tax etc. The centre has a Mentoring and Coaching facility; Time Management, Strategic Planning, Forecasting. The centre is also looking to offer Seed and VC Funding too, so if you have the next Snapchat or WhatsApp you are in safe hands. If you are on the hop and looking for a place to perch yourself for the day, for a small daily payment you can access our creative lounge. We have dedicated fibre on wifi, breakfast bar desks, food, drinks and great coffee, comfy chairs, coffee tables and arcade machines. This is also offered on a private yearly membership for those wanting to use this on a more regular basis. Then there are dedicated desks where you pick the desk of your choice, park up and make yourself at home. From a month to years you will then receive your own lockable facilities, power and networking points, private kitchens and chill-out area and have the use of the creative lounge included. More importantly you will be part of a team of entrepreneurs all looking to grow their own businesses with the tech space.
