

# Serviced Office Space UK

---

## Stanmore HA7 3DS

The building is situated within easy walking distance of Stanmore Station and is on several bus routes. The M1 and M25 motorways are within short driving distances making London Heathrow and London Luton Airports easily accessible.

This locally listed three floor Georgian building is situated on the edge of the bustling Stanmore town centre but within the Stanmore Hill Conservation area. Whilst carefully retaining its individual quirks and many of its original features, the recent refurbishment has been carried out to a high technical standard. On site car parking is available to tenants and the space offers 24 hour access to the offices, a kitchen area and 24 hour security.
