

# Serviced Office Space UK

## 41 Iffley Road

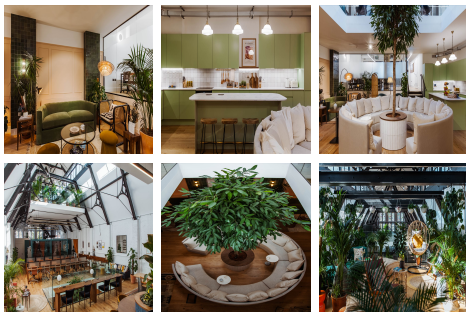

London W6 0PB

Nestled in the heart of Brackenbury Village and a stone's throw from vibrant Hammersmith, the workspace is easily accessible by public transport and has lockable bike storage on hand. Escape the inner-city bustle and reconnect with locality. At the space, you will find yourself right in the heart of a lively village community, where you are only ever one conversation away from discovering your new favourite coffee shop, bar or boutique designer. Fantastic transport links are available due to the central location of this space. In addition, parking is available for your convenience.

The workspace is a new holistic coworking space inspired by the work of Swiss psychologist Jean Piaget, which provides an environment that nurtures the physical, social, and personal development of our Members in order to help them achieve their mission. Located in the historic Mission Hall, Brackenbury Village, Hammersmith, the building has been once again restored to its former glory as the epicentre of the community, and now provides a hub and communal space for small to medium sized corporates seeking flexible workspace, scaling start-ups, hot deskers and local freelancers alike. The thoughtfully designed space is configured to accelerate creativity and promote social connections with a communal central hub and intimate 'mindfulness platform', all supported by an onsite Community Manager and a range of member and community events. It is home to a community of people with a shared ambition to achieve their personal or professional missions, whilst embracing a holistic approach to life, work and play.
