

Serviced Office Space UK

Cotton End

Northampton NN4 8HP

The location of this property is almost perfect. This centre is a short walk from the town centre and plenty of cafes and coffee shops. There are two pubs within a hundred metres of the building and the university campus is around five minutes walk. The river runs to the north of the building which takes members to the vibrant Becketts park and Northampton Marina. Everything is covered by the great location of this building. There is two-way access to reach this place which is by car or public transport such as taxi, Metro train and bus. Fantastic transport links are available due to the central location of this space. There is some car parking on site.

The workspace is exactly that - a building with many of this centre's original features preserved but with a modern fit out of small and medium offices and a Co-work space. The Co-work space is situated on the first floor and has established a vibrant community. Everything members would expect is here including breakout areas, meeting rooms and a beautiful kitchen. The offices are intentionally designed for clients to do their best work - offering different space types that enhance productivity and collaboration. In addition, the workspace allows clients to have 24 hours access 7 days a week with high-speed internet. There are lounges and breakout areas where members can take a break during a hectic workday.
