

Serviced Office Space UK

129 High Street

Huntingdon PE29 3NE

The building is accessed via a car park and can use two spaces for visitors. Huntingdon is a bustling historic market town near Cambridge, with excellent road and rail links to London. The town straddles the ancient Roman Road of Ermine Street (part of the Great North Road), where it crosses the River Great Ouse. The name Huntingdon derives from the old english term huntedun which means Hunte's hill. Most major retailers are within just a few minutes walk of this clean and tidy office, which would be perfect for a local business to benefit from the passing trade, that the office overlooks.

This workspace supplies an energetic and creative work environment. The workspace is approximately fourteen feet by fourteen feet in size. It is decorated in white with blue carpet tiles giving it a clean professional feel. Members have a access use of a modern kitchen with table and chairs, as well as toilets (with a shower in the ladies). Wifi is provided by bluetooth and currently measures 50.6 Mbps download and 13.5 Mbps upload (early July 2022). This workspace has a great view with Boots Chemist right across the road. Other retailers close by include Nationwide Building Society and Specsavers Opticians.
