

Serviced Office Space UK

Southampton SO15 1GX

The workspace is located in the heart of the buzzing business city centre of Southampton, opposite Southampton Central Train Station. The transport links are excellent, with the train station situated directly opposite the campus, and bus and taxi services are also easily accessible. Parking facilities are just around the corner for those driving to work. The office space benefits from close links to the wider UK, and the port's ferry links mean that this centre is an ideal position for growing businesses.

The members find 14 serviced offices ranging from 3-12 workstations, a collaborative working area, a kitted-out meeting room, and other savvy services to match the business requirements. The reception provides administrative assistance, and the desks are fully equipped with the latest technology. The meeting room is available for meetings, conferences, and events. The facilities are well-maintained and clean, making the office space a pleasant environment to work in. Overall, the office space is modern, spacious, and well-equipped, providing everything that members need to be productive and efficient.
