

Serviced Office Space UK

London E17 3NU

Walthamstow is a thriving district in northeast London that is rapidly gentrifying. The workplace is situated within walking distance of the street station, making it highly commutable for those living in other parts of the city. The area is bounded by the Lee Valley and Walthamstow Reservoirs to the west, Epping Forest to the east, and the North Circular Road (A406) to the north. The workplace is located in Walthamstow, one of London's fastest-growing, up-and-coming districts, benefitting from the city's move eastwards and the push outwards from Londoners moving away from prime central areas.

The workspace offers private offices that members can personalize. The offices are intentionally designed for clients to do their best work, offering different space types that enhance productivity and collaboration. Superfast internet, heating, water, lighting and electricity are all covered in the rates as well as service charges and business rates. This strange mix of old and new, traditional and modern, is what makes the workplace seem surreal. Private offices can be personalized to taste while an all-inclusive package gives start-ups and entrepreneurs the ability to focus on their hustle, knowing that quality office space is taken care of.
