

# Serviced Office Space UK

## Sheffield S38LU

Location is one of the most important factors to consider when choosing an office space. And this office space is in the heart of the city which gives members the perfect location to take advantage of all the city has to offer. With easy access to public transportation like train stations like Sheffield which is only 0.4 miles away and Robin Hood Airport which is only 13.3 miles away, getting to and from work is very easy. Plus, with plenty of restaurants and hotels nearby, members can easily host meetings or entertain out-of-town clients.

This centre is a great space that has been designed to meet the demands of any modern business. The office space has meeting rooms for brainstorming sessions and a common area for taking a break whenever members need to relax a bit. The workspace also has a bar where members just need to unwind and a cinema room for when they want to watch their favourite films in surround sound. In addition, there are VR facilities to explore new worlds with cutting-edge technology, chill-out areas to help the members to relax between work, an attached food hall to eat and hang out and creative workshops to boost their skills.
